

Fill out and submit the download form.

Select The PC or MAC download option.

PC:

In the Download box, select SAVE

Set the "Save In" or "Save To" box to Desktop

Click SAVE

When the download completes, close your internet browser and go to your desktop

Unzip the "AlpacaEASE PC" folder that downloaded to your desktop

(right-click and select Extract All)

Open the unzipped "AlpacaEASE PC" folder.

Double-click the "Install" file.

If you get a "Publisher cannot verify.." message from your PC, select "Run"

Follow the AlpacaEASE installation screen prompts

MAC:

The download should start immediately.

When the download completes, unzip the downloaded "AlpacaEASE MAC" folder

Open the unzipped "AlpacaEASE MAC" folder.
