

AlpacaEASE has been praised by users on Alpacasite and AlpacaNation forums.

Here's what just a few of our users have to say:

"AlpacaEASE is very easy to use, and keeps track of everything that is important to me. The lists that I can print out for prospective customers or for those who board animals with me are very impressive. Great product."

Linda Gardner, Blue Moon Ranch, Woodland, UT

"You have written an easy-to-use, very good alpaca management program with some very useful features."

Paul Shetler, Corona Trail Alpacas, Tabernash, CO

"I love what I have seen and used in AlpacaEASE so far! You have done a commendable job designing this easy to use software program! Now you rank right up there with Ken and Amorette Halley (creator's of AlpacaNation) for alpaca info GODLINESS... Wish I would have thought of (or been able to create) it..."

Nicole Glatfelter and Christina Black, Great Escape Alpaca Ranch LLC, Emmitsburg, MD

"We found AlpacaEASE on the internet and we have already recommended it to every alpaca farm we visit with. Thanks!"

Carol Keehan and Joanna Meadows, Alpacas of Royal Crest, Genoa City, WI

"We are very impressed with your program and have recommended it to all our Alpaca friends. I think of all the systems I have seen, yours is by far the best, simple to use and if I had no problems using the program then any one can use it with EASE"

Sharon Donaldson, Ausled Alpacas, Australia

"Thanks so much. You have done a fabulous job on this package - I can't wait until I get all my info entered. I will feel so absolutely organized at that point!"

Diane Hoschler, Double Diamond Alpacas, Clarksburg, CA

"Very comprehensive herd management software package with an easy to use interface. At last, everything in one place!! Technical support is prompt and excellent. Thanks, Ellen. AlpacaEase is great! LOVE the new changes, they are all excellent!"

Lori Marcin, Thunder Ridge Alpacas, Greene, NY

"I am loving this software and finding it intuitively easy to understand and apply to my herd... As a software program to use "right out of the box," it is great."

Connie Tedrow, Sunrock Suri Alpaca Farm, Spokane, WA

"I received the update and it is wonderful. You are developing such a good product."

Rosalind Batley, Alpacas of Windswept Farm, Hilliard, OH

"Compared to Herdmaster I find alpacaease far easier to use. I find it much easier to go back and change details with your program and it holds the same if not more info then herdmasters...Another thing I am sure you have over most other programs is excellent customer service! It is quite frankly practically top of our requirements, so thank you."

Leah Entwistle, Beauvautrait Alpacas, Gloucestershire, UK

"Thank you. I really like the program. It is easy to use."

Kathy Moskal, Rainbow Fiber Farm, Chelsea, MI

"Thanks so much for sending me your software, AlpacaEASE. It has been wonderful to use. Excellent job, and congratulations."

Mary E Meacher, Walnut Valley Alpacas, Ballston Lake, NY

"I personally have tried all of them. Some are very intense to use, while others are easy to use but lack certain things us breeders want and need. My comment on this program would be "I Love it". Ellen, the designer, asked me during development what things I felt were most important to folks that use tracking software. My answer was simple. Allow the user to be able to edit "everything". Create your own fields like pasture 5, or lower pasture, or pasture up by the mailbox. All these fields can be edited to fit YOUR FARM. So far I love it. I track all my births, breedings, weights, even send out monthly invoices with my farms logo on it. Pretty cool. "

John Malkus, Alpaca de la Pacifica, Somis, CA

"I have played around a bit with the program and I absolutely love it. Congratulations, you have a big hit on your hands. I'm finally going to enjoy keeping my records."

Sharon Mackey, Angelic777Alpaca, Vancouver, WA

"I really REALLY like your software. After using [another program] for 4 years this is easier to navigate and add information. One of the many things I really appreciate about this software is that it's so very user friendly. I was really frustrated with [the other] and I lost my total database 3 times! I also like that you can go directly to your herd management instead of spreading "trees" of information before you even get to the desired animal. This is a terrific product..."

Janice Shehan, Buttercup Lane Alpacas, Taneytown, MD

"I still just LOVE AlpacaEase. I use it all the time. Thanks for the wonderful product."

Marie Smith, Stone Mist Alpacas, Sherwood, OR

"THANK YOU, THANK YOU, THANK YOU!!!! If I could make that in flashing lights I would! The screens are beautiful and extremely readable. I am a very happy camper. :) Words cannot express my deep appreciation. I love AlpacaEASE!"

Donna Dachuk, Black Diamond Alpacas, Brentwood, CA

"Not only does it work but it works well! I have everything on here already. I love it. I'm very pleased with my purchase and stayed up until 2 am playing with it."

Dawn Dolpp, Mada Verni Alpacas, Tonawanda, NY

"I am glad I selected your product. I worked in Boston in the investment business and never had support like this. You're the best."

Ryen G. Munro, Tripping Gnome Farm LLC, Freeport, ME

"This program is terrific. I've been using it every day since I got it and don't think I can live without it! Thanks much"

LuAnn Lumsden, Chesapeake Alpacas, Stevensville, MD

"Pam and I are still totally sold on AlpacaEase and couldn't get along without it for our little herd. I recently purchased a couple of females from one of the premier breeders in California and a couple of days ago, when I asked about West Nile vaccinations, they had no records of who or who had not yet received their boosters for this year. Sad. It seems so simple to keep good, accurate and up to date information with a product such as AlpacaEase."

Rick and Pam Brady, Oak Valley Alpacas, Valley Springs, CA

"I really appreciate the ease and convenience of using AlpacaEase. Thanks for a really helpful product!!"

Judy Dick, Walnut Knoll Farm, Canon, GA

Paula Lewis, Blue Heaven Alpacas, Ashtabula, OH

"I felt so brilliant the other day when another farm asked for info on a breeding that had been done here with their herdsire. I was able to fax the breeding report, notes and all. They were impressed!"

Helen Hornbake, Alpacas of Gettysburg, Gettysburg, PA

"Thanks a million Ellen for a great program. You've done a superb job and your assistance is invaluable!"

"Thanks for such a great program and for your continued software upgrades and support!"

Robert and Helen Bratt, Diamond B Alpacas, Tetonia, ID

"Ellen - I really love this program. I was using another and it doesn't compare to the versatility I have found with yours. We have been struggling for 2 years with our tax receipts and finally instead of setting up multiple spreadsheets, I can just key in each entry and the program does the rest. Thanks for such a great product."

Andrea Shuffield, Sunflower Hills Alpaca Ranch, Tonganoxie, KS

"Just a quick note to tell you that I went to the Tax Man yesterday, and I can't thank you enough for the great program. It made the taxes for our business a breeze!"

Debbie Bartman, Snowline Alpacas, Spokane Valley, WA

"I am SOOOOO happy with this program. I have recommended it to a friend who was using the "other" program as I was. I have not really run into any problems yet. I have not explored everything, but so far so good. I even wrote my first invoice!!!! Thanks."

Dee Dee and Bill Greer, Rivanna River Farm, LLC, Ruckersville, VA

"I was wondering if you guys have flyers or demos that I can put up at the ranch when I get it together & open that has the herdease & website package info on it. I could put demo cd's and/or flyers out. I think your program and web design and service are great!"

Jennifer Rushing, Jenncria Ranch, Pahrump, NV

"Just got the herdease cd you sent me and spent the week-end uploading lots of info! I love it! It was easy...even for a computer illiterate person like me!"

Teresa Reynolds, Bear Garden Farms, Capon Bridge, WV

"I knew within the first 30 minutes I had to have this program! I will recommend it to all our breeders! Thank you."

Charlotte McKellips, Dodge City Alpaca Ranch, LLC, Baldwin, MI

"I use AlpacaEase daily and invoicing has been fantastic as well as the financia.. All I had to do is a report to attach for my CPA to do my taxes... I absolutely love it. "

Lisa Walton, Great American Alpacas, Marion, TX

"Your program has made such a difference in my ability to handle a herd of 50 of my own alpacas and 30+ outside breeders and still offer the customer service that I want to give my customers. I

Jane Nuessen, Yellow Brick Road Alpacas, Burlington, KS

"Since we purchased this program from you it has been the biggest help. We have nothing but great things to say about this software. All the reports, ancestry, and information that you can log in is so wonderful. It has made my job of book keeping so much easier! Thank you all for your help and for this great program. If you ever need to have anyone contact me about the software, as far as the ease of use and the quality, please don't hesitate. I will definitely put in a good word for the AlpacaEase program!!!"

Support is also important and I can truly say that we have it, fast responses and really fast fixes (!!!), is truly and greatly appreciated."

Louise Smith, Un Brin d'Alpagas / A Bit of Alpacas, Quebec, Canada

Cindy Yockey, Peoh Point Alpaca Farm, Renton, WA

"Wow - has Alpaca Ease made things EASY!! Even though I only have a few animals, this has made it wonderfully easy to keep track of information! When I begin to sell, I can call up all info on an animal without having to shuffle papers, check different places, or rush - I can just click a few buttons, and, WALAH!! there it is!"

Terri Kinka, Golden Glen Alpacas, Lititz, PA
